HOW WE MAY USE AND DISCLOSE HEALTH INFORMATION ABOUT YOU

For Treatment We may use your health information to provide you with medical treatment or services. We may disclose health information about you to doctors, dental assistants, technicians, office staff or other personnel who are involved in taking care of you and your health.

For example, your doctor may be performing a tooth extraction and may need to know if you have other health problems that could complicate your treatment. The doctor may use your health history to decide what treatment is best for you. The doctor may also tell another doctor about your condition so that doctor can help determine the most appropriate care for you.

Different personnel in our office may share information about you and disclose information to people who do not work in our office in order to coordinate your care, such as phoning in prescriptions to your pharmacy, scheduling lab work and ordering x-rays. Family members and other health care providers may be part of your medical care outside this office and may require information about you that we have.

For Payment We may use and disclose health information about you so that the treatment and services you receive at this office may be billed to and payment may be collected from you, an insurance company or a third party. For example, we may need to give your health plan information about a service you received here so your health plan will pay us or reimburse you for the service. We may also tell your health plan about a treatment you are going to receive to obtain prior approval, or to determine whether your plan will cover the treatment.

For Health Care Operations We may use and disclose health information about you in order to run the office and make sure that you and our other patients receive quality care. For example, we may use your health information to evaluate the performance of our staff in caring for you. We may also use health information about all or many of our patients to help us decide what additional services we should offer, how we can become more efficient, or whether certain new treatments are effective.

Appointment Reminders We may contact you as a reminder that you have an appointment for treatment or medical care at the office.

Treatment Alternatives We may tell you about or recommend possible treatment options or alternatives that may be of interest to you.

Health-Related Products and Services We may tell you about health-related products or services that may be of interest to you.

SPECIAL SITUATIONS

We may use or disclose health information about you without your permission for the following purposes, subject to all applicable legal requirements and limitations:

To Avert a Serious Threat to Health or Safety We may use and disclose health information about you when necessary to prevent a serious threat to your health and safety or the health and safety of the public or another person.

Required By Law We will disclose health information about you when required to do so by federal, state or local law. For example, Western Dental may disclose information for the following purposes:

- For judicial and administrative proceedings pursuant to legal authority;
- To report information related to victim of abuse, neglect or domestic violence; and,
- To assist law enforcement officials in their law enforcement duties.

Research We may use and disclose health information about you for research projects that are subject to a special approval process. We will ask you for your permission if the researcher will have access to your name, address or other information that reveals who you are, or will be involved in your care at the office.

Organ and Tissue Donation If you are an organ donor, we may release health information to organizations that handle organ procurement or organ, eye or tissue transplantation or to an organ donation bank, as necessary to facilitate such donation and transplantation.

Military, Veterans, National Security and Intelligence If you are or were a member of the armed forces, or part of the national security or intelligence communities, we may be required by military command or other government authorities to release health information about you. We may also release information about foreign military personnel to the appropriate foreign military authority.

Workers' Compensation We may release health information about you in order to comply with the law and regulations related to workers' compensation or similar programs. These programs provide benefits for work-related injuries or illness.

Public Health Risks We may disclose health information about you for public health reasons in order to prevent or control disease, injury or disability; or report births, deaths, suspected abuse or neglect, non-accidental physical injuries, reactions to medications or problems with products.

Health Oversight Activities We may disclose health information to a health oversight agency for audits, investigations, inspections, or licensing purposes. These disclosures may be necessary for certain state and federal agencies to monitor the health care system, government programs, and compliance with civil rights laws.

Lawsuits and Disputes If you are involved in a lawsuit or a dispute, we may disclose health information about you in response to a court or administrative order. Subject to all applicable legal requirements, we may also disclose health information about you in response to a subpoena.

Law Enforcement We may release health information if asked to do so by a law enforcement official in response to a court order, subpoena, warrant, summons or similar process, subject to all applicable legal requirements.

Coroners, Medical Examiners and Funeral Directors We may release health information to a coroner or medical examiner to enable them to carry out their lawful duties. This may be necessary, for example, to identify a deceased person or determine the cause of death.

Information Not Personally Identifiable We may use or disclose health information about you in a way that does not personally identify you or reveal who you are.

Family and Friends We may disclose health information about you to your family members or friends if we obtain your verbal agreement to do so or if we give you an opportunity to object to such a disclosure and you do not raise an objection. We may also disclose health information to your family or friends if we can infer from the circumstances, based on our professional judgment that you would not object. For example, we may assume you agree to our disclosure of your personal health information to your spouse when you bring your spouse with you into the exam room during treatment or while treatment is discussed.

In situations where you are not capable of giving consent (because you are not present or due to your incapacity or medical emergency), we may, using our professional judgment, determine that a disclosure to your family member or friend is in your best interest. In that situation, we will disclose only health information relevant to the person's involvement in your care. For example, we may inform the person who accompanied you to the emergency room that you suffered a heart attack and provide updates on your progress and prognosis. We may also use our professional judgment and experience to make reasonable inferences that it is in your best interest to allow another person to act on your behalf to pick up, for example, filled prescriptions, medical supplies, or X-rays.

OTHER USES AND DISCLOSURES OF HEALTH INFORMATION

We will not use or disclose your health information for any purpose other than those identified in the previous sections without your specific, written *Authorization*. If you give us *Authorization* to use or disclose health information about you, you may revoke that *Authorization*, in writing, at any time. If you revoke your *Authorization*, we will no longer use or disclose information about you for the reasons covered by your written *Authorization*, but we cannot take back any uses or disclosures already made with your permission.

YOUR RIGHTS REGARDING HEALTH INFORMATION ABOUT YOU

You have the following rights regarding health information we maintain about you:

Right to Inspect and Copy You have the right to inspect and copy your health information, such as medical and billing records, that we use to make decisions about your care. You must submit a written request to Western's Privacy Officer in order to inspect and/or copy your health information. If you request a copy of the information, we may charge a fee for the costs of copying, mailing or other associated supplies. We may deny your request to inspect and/or copy in certain limited circumstances. If you are denied access to your health information, you may ask that the denial be reviewed. If such a review is required by law, we will select a licensed health care professional to review your request and our denial. The person conducting the review will not be the person who denied your request, and we will comply with the outcome of the review.

Right to Amend If you believe health information we have about you is incorrect or incomplete, you may ask us to amend the information. You have the right to request an amendment as long as the information is kept by this office.

To request an amendment, complete and submit a Dental Record Amendment/Correction Form to Western's Privacy Officer. We may deny your request for an amendment if it is not in writing or does not include a reason to support the request. In addition, we may deny your request if you ask us to amend information that:

- a) We did not create, unless the person or entity that created the information is no longer available to make the amendment.
- b) Is not part of the health information that we keep.
- c) You would not be permitted to inspect and copy.
- d) Is accurate and complete.

Right to an Accounting of Disclosures You have the right to request an "accounting of disclosures." This is a list of the disclosures we made of medical information about you for purposes other than treatment, payment and health care operations. To obtain this list, you must submit your request in writing to Western's Privacy Officer. It must state a time period, which may not be longer than six years and may not include dates before April 14, 2003. Your request should indicate in what form you want the list (for example, on paper, electronically). We may charge you for the costs of providing the list. We will notify you of the cost involved and you may choose to withdraw or modify your request at that time before any costs are incurred.

Right to Request Restrictions You have the right to request a restriction or limitation on the health information we use or disclose about you for treatment, payment or health care operations. You also have the right to request a limit on the health information we disclose about you to someone who is involved in your care or the payment for it, like a family member or friend. For example, you could ask that we not use or disclose information about a surgery you had.

We are Not Required to Agree to Your Request If we do agree, we will comply with your request unless the information is needed to provide you emergency treatment.

To request restrictions, you may complete and submit the *Request For Restriction On Use/Disclosure Of Medical Information* to Western's Privacy Officer.

Right to Request Confidential Communications You have the right to request that we communicate with you about medical matters in a certain way or at a certain location. For example, you can ask that we only contact you at work or by mail.

To request confidential communications, you may complete and submit the *Request For Restriction On Use/Disclosure Of Medical Information And/Or Confidential Communication* to Western's Privacy Officer. We will not ask you the reason for your request. We will accommodate all reasonable requests. Your request must specify how or where you wish to be contacted.

CHANGES TO THIS NOTICE

We reserve the right to change this notice, and to make the revised or changed notice effective for medical information we already have about you as well as any information we receive in the future. We will post a summary of the current notice in the office with its effective date in the top right hand corner and mail a copy to you.

COMPLAINTS

If you believe your privacy rights have been violated, you may file a complaint with our office or with the Secretary of the Department of Health and Human Services. To file a complaint with our office, contact Western's Privacy Officer. You will not be penalized for filing a complaint.

Dear Patient,

In keeping with the standards of the profession and the recent developments in sterilization and infection control, we at Western Dental have formulated this general public information bulletin to give our patients an idea of how seriously we take the safety and well being of our patients.

- 1) All doctors, hygienists and assistants wear gloves, masks, and face shields or goggles.
- 2) Doctors and assistants wash their hands and change gloves with every patient.
- 3) Dental drill handpieces are cleaned, bagged and sterilized prior to use on each patient.
- 4) All instruments are scrubbed, cleaned, bagged and sterilized according to guidelines set forth by the Center for Disease Control & Prevention.
- 5) All instruments are sterilized in autoclaves or chemical vapor sterilizers according to recommended procedures. If the instruments are heat sensitive, an overnight (10 + hours) sterilized soak is done.
- 6) Western Dental tests all sterilizers weekly and this is confirmed through independent lab analysis.
- 7) All operating surfaces are cleaned with EPA registered hospital grade surface disinfectants.
- 8) Many disposable items are used. Once used, they are discarded. Some examples are the injection needles, plastic suction tips and the polishing cups.
- 9) An independent company has been retained to vaccinate and test our staff for the Hepatitis B virus.
- 10) Our staff, while taking x-rays, always use fresh gloves and each x-ray holder is individually bagged and sterilized.
- 11) Infection control seminars are held for all our dental offices throughout the year.
- 12) Our company has retained an infection control consultant who randomly inspects our offices on a routine basis. Many of these inspections are done on a "surprise" basis to ensure that the offices are following accepted guidelines. In addition to these inspections, our own administrative staff performs regularly scheduled audits on all our offices.

Article 1: Agreement to Arbitrate: It is understood that any dispute as to medical malpractice, that is as to whether any medical services rendered under this contract were unnecessary or unauthorized or were improperly, negligently or incompetently rendered, will be determined by submission to arbitration as provided by Nevada law, and not by a lawsuit or resort to court process except as Nevada law provides for judicial review of arbitration proceedings. Both parties to this Contract, by entering into it, are giving up their constitutional right to have any such dispute decided in a court of law before a jury, and instead are accepting the use of arbitration.

Article 2: All Claims Must Be Arbitrated: It is the intention and agreement of the parties that this arbitration agreement shall cover all claims or controversies relating to the matters described in Article 1 above, except claims within the jurisdiction of the Justice Court, whether in tort (intentional or negligent), contract, or otherwise, including but not limited to suits relating to the matters described in Article 1 and also involving claims for loss of consortium, wrongful death, discrimination, emotional distress or punitive damages. Arbitration pursuant to the terms of this Contract shall bind all parties whose claims as described in Article 1 may arise out of or in any way relate to treatment or services provided or not provided by Fariba Tabibi, D.D.S., P.C. dba Western Dental of Nevada and/or Fariba Tabibi, D.D.S., P.C. dba Western Dental (collectively, "Western") or any employee or agent or providers of Western, including any spouse or heirs of Patient and any children, whether born or unborn, at the time of the occurrence giving rise to any claim. The undersigned understands and agrees that if the undersigned signs this Contract on behalf of some other person for whom the undersigned has responsibility, then, in addition to the undersigned, such person(s) will also be bound, along with anyone else who may have a claim arising out of the treatment or services rendered to that person.

The reference to Western includes Fariba Tabibi, D.D.S., P.C., Western Dental of Nevada, LLC, and their respective employees, agents and providers. Filing any action in any court by Western to collect any fee from Patient shall not waive the right to compel arbitration of any claim described in Article 1. However, following the assertion of any claim against Western, any fee dispute, whether or not the subject of any existing court action, shall also be resolved by the same arbitration.

Article 3: Procedures and Applicable Law: Patient shall initiate arbitration by serving a Demand for Arbitration on Western and each defendant. The claim shall be mailed by U.S. mail, postage prepaid, to: Fariba Tabibi, D.D.S., P.O. Box 14025, Orange, CA 92863-1025, Attention: Legal Department. A Demand for Arbitration must be communicated in writing to all parties, identify each defendant, describe the claim against each party, and the amount of damages sought, and the names, addresses and telephone numbers of the Patient and his/her attorney. Patient and Western agree that any arbitration hereunder shall be conducted by a single, neutral arbitrator selected by the parties and shall be resolved using the rules of the American Arbitration Association. (Arbitration, however, shall not be conducted by the American Arbitration Association.) Patient shall pursue his/her claims with reasonable diligence, and the arbitration shall be governed pursuant to N.R.S. §§ 38.206 et seq. and the Federal Arbitration Act (9 U.S.C. §§ 1- 9), as in effect from time to time.

Article 4: Retroactive Effect: Patient intends this Contract to cover services rendered by Western not only after the date it is signed (including, but not limited to, emergency treatment), but also before it was signed as well.

Article 5: Severability: If any provision of this Arbitration Agreement is held invalid or unenforceable, the remaining provisions shall remain in full force and shall not be affected by the invalidity of any other provision.
